Helping Hawai'i Live Well

Aloha,

Mental Health America of Hawai'i is excited to share with you the updated ***Finding Help – A Resource Directory of Services in Hawai'i***. Mental Health America of Hawai'i (MHAH), an affiliate of the renowned national organization, is a highly regarded 501(c)(3) non-profit organization serving the State of Hawai'i. For nearly 80 years, MHAH has been fulfilling its mission “to promote mental health & wellness through education, advocacy, service, and access to care” through its vision of ‘mental wellness for all.’ We endeavor to reduce the shame and stigma of mental illness and improve the overall care, treatment, and empowerment of those with or at risk for mental health challenges and illness across all stages of life in Hawai'i. Through our leadership, we have been expanding mental health awareness, preparedness, understanding, and action through trainings, education, and advocacy since 1942. We are a statewide organization with offices on the islands of O'ahu and Maui.

This July 2021 edition of our ***Finding Help – A Resource Directory of Services in Hawai'i*** would not have been possible without the monumental contribution of time and effort from our mental health partners and allies. Over the last few weeks, MHAH reached out to our community partners to update one of the state's most comprehensive resource sets for both professionals and the public. As our programs at MHAH continue to grow, keeping this *Services Directory* updated continues to be one of our proudest achievements to date. This edition has also updated to be digital friendly, clicking the page number in the table of contents will take you straight to that page. Websites have also been updated with clickable hyperlinks.

DEPRESSION SELF-SCREENING QUESTIONNAIRE

This screening is also available online with auto-score at: <https://bit.ly/3k3i7Gb>

This is a questionnaire* used to detect depression. Depression is a common biological illness that can affect people from all walks of life—and it is treatable.

Over the last 2 weeks, how often have you been bothered by any of the following problems?

Circle the answer – the number that describes how much you were bothered by each problem.

Add the numbers to get your totals.

Add the three totals to get your total score.

Circle the answer	Not at all	Several days	More than half the days	Nearly every day
Little interest or pleasure in doing things	0	1	2	3
Feeling down, depressed, or hopeless	0	1	2	3
Trouble falling/staying asleep, sleeping too much	0	1	2	3
Feeling tired or having little energy	0	1	2	3
Poor appetite or overeating	0	1	2	3
Feeling bad about yourself – or that you are a failure or have let yourself or your family down.	0	1	2	3
Trouble concentrating on things, such as reading the newspaper or watching television.	0	1	2	3
Moving or speaking so slowly that other people could have noticed. Or the opposite – being so fidgety or restless that you have been moving around a lot more than usual.	0	1	2	3
Thoughts that you would be better off dead or of hurting yourself in some way.	0	1	2	3
Add Columns	+		+	
TOTAL SCORE				=

What your score means:

- 0-4 No depression 10-14 Moderate depression 20+ Severe depression
- 5-9 Mild depression 15-19 Moderately severe depression

If your score indicates you may have depression, please see your doctor or a mental health provider or call Mental Health America of Hawaii, 521-1846 (O’AHU). If you are severely depressed and would like immediate assistance, please call Hawai’i CARES, 832-3100 (O’AHU) or 1-800-753-6879 (Neighbor Islands), or call 911. Depression is a common and treatable illness. You deserve to feel better!
